Device Manager	

Step 10: Your computer may have installed some kind of antivirus software. So it may remind you of this.

Choose the second one "Install this driver software anyway", then after the installation of the updated driver software. Click "Close". Refer to this picture below.

Step 11: Go back to step 5 screen, you will find there will be a "Ambarella Evaluation Board" item marked no exclamation mark which means that the driver has been installed successfully. Refer to this picture below.
